

600W Portable Outdoor Power Station

Model: HJ-PPS600 Power: 600W

Summary

The HJ-PPS600 is a 600W portable outdoor power station, designed to provide convenient and reliable power for outdoor and mobile use. With its lightweight and portable design, it offers long-lasting power and fast recharging capabilities.

600W Portable Outdoor Power Station (HJ-PPS600)

Product Features

A variety of output options

support 99% of the world's socket port customization, US regulations, European regulations, British regulations, Australian regulations, national standard plug can be customized

PD Fast charging

Supports fast charging and charging, ensuring minimum downtime when in use.
Supports simultaneous charging of multiple devices

6 heavy refined safety protection

over charge protection, over current protection, over discharge protection, voltage balancing, short circuit protection, temperature protection

Light and portable

Compact design with durable handle, easy to carry outdoors.

Technical Parameters

Parameters

Product Type	Portable energy storage power supply
Product Model	HJ-PPS600
Battery Type	LiFePO4 (lithium iron phosphate)
Capacity	600Wh
AC Output	Rated 600W (maximum 800W, peak 1600W)
AC output waveform	Sine Wave
Type-C 1	Bidirectional PD100W
Type-C2	PD30W output
DC socket	1×12V/10A (car socket)1×12V/10A DC5521 (5.5mm socket)
Cigarette lighter output	12V/10A
USB output 1	2×100W Max
USB output 2	2×5V/3A
AC charging cable	350W Max
Solar input	200W Max, VOC 12-28V, 8.5A

Weight	6.5KG
---------------	--------------

Application

Short and long distance travel, self-drive tour, outdoor camping group construction□
Outdoor work and other scenarios are applicable, continuous battery life can play smoothly
