

# Fixed Smart Flower Solar Panels

Model: HJ-FLOWER-F    Power: 3KW, 5KW, 10KW, Customization

## Summary

---

HighJoule's Fixed Smart Flower Panels provide reliable and aesthetic energy without moving parts. Designed for regions with stable solar angles, this stationary flower generates solar energy while acting as a durable artistic installation.

*Fixed Smart Flower Solar Panels (HJ-FLOWER-F)*

## Product Features

---

Elegant Stationary Design

No moving parts — permanently installed floral solar sculpture with embedded functionality.

Stable Power Output

Delivers 3KW to 10KW using high-efficiency monocrystalline or HJT modules.

#### Architectural Integration

Enhances public or private landscapes with both form and function.

#### Perfect for Institutions

Used in museums, civic centers, science parks, or as educational energy exhibits.

#### Low Maintenance

Self-cleaning surfaces reduce upkeep costs and ensure consistent output.

#### Customizable Shapes & Finishes

Supports design customization, including LED integration, logo application, and artistic effects.

## Technical Parameters

---

### Specifications

<b>Model Number</b>	<b>HJ-FLOWER-F</b>
<b>Solar Cell Type</b>	<b>Monocrystalline / PERC / HJT</b>
<b>Cell Efficiency</b>	<b>Up to 98%</b>
<b>Output Power (W)</b>	<b>3KW, 5KW, 10KW</b>
<b>Output Voltage (V)</b>	<b>48V</b>
<b>Output Frequency</b>	<b>50Hz</b>
<b>Controller</b>	<b>MPPT</b>
<b>Wind Resistance</b>	<b>High structural strength</b>
<b>Battery Type</b>	<b>Lithium-Ion</b>
<b>Working Time</b>	<b>24 hours</b>
<b>Mounting Type</b>	<b>Fixed ground mount</b>
